The Infant Program at Bridge Street has been enjoying the snow!!

Let it Snow!

February 2021

These boys sure are silly when they connect and play together. The boys love to walk, crawl and chase each other around our blue egg chair in the snow.

There was an intense game of peek a boo going on in these pictures. The boys would take turns popping up to surprise each other and of course All our friends thought this was hilarious! We love watching these relationships form and watching how they grow as they progress through First Adventure.
